other year. We do not have elections every year. And if the state mandates this to the counties then I think the state should pay for this. My office just got a call from Scott Moore, the Secretary of State. He is watching this in Omaha somewhere and he called in to say that he still supports the bill and he also said if the state mandated this then the state should pay for it and his office would have no trouble with regulating any discrepancies that anybody might find unpalatable in the bill. And they work with these issues all the time and that's...that's why they're there. And I just would like to close by please advance AM1537. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Robak. For discussion on the Robak amendment, Senator Chambers.

SENATOR CHAMBERS: Mr. President, members of the Legislature, I have to say to Senator Robak, daughter, "ya" done good, "ya" done good. But Senator Schimek done a little better. I wish Senator "Crandel" was here because he raised some interesting questions, but I don't see him so I will ask his seatmate, who is also a youngster. Senator Smith, would you yield to a question or two?

PRESIDENT MAURSTAD: Senator Smith.

SENATOR SMITH: Yes.

SENATOR CHAMBERS: Senator Smith, do you have this list that was handed out to us...

SENATOR SMITH: Yes.

SENATOR CHAMBERS: ...that talks about reimbursement of these costs? Do you have the list?

SENATOR SMITH: Yes.

SENATOR CHAMBERS: Okay, you probably have been away from school a shorter time than most of us so I'm going to start with a very difficult question. Is the part greater than the whole, or is the whole greater than the part?
